# 10 REASONS TO GIVE YOUR CHILD A RYAN EDUCATION

## India's undisputed leader in K-12 Education

Over 140 schools in India, Ryan Group offers a unique academic curriculum with the objective of developing life-long learners through programmes mapped to Ryan's unique 12-point vision. Collaborative agreement with International universities aimed at providing the students of Ryan Group a global platform to explore opportunities for higher education.

## Our unique Learning Management System

Our breakthrough online Ryan Learning Management System beautifully bridged the learning gap during pandemic-created lockdown. As students return to school post-lockdown, we return to what we do so well - our award winning teaching in schools.

## Academics: the #1 priority

Ryan Academics blends consistency and variety in teaching methods by combining established learning theories with innovative practices. Over 35 unique and age appropriate programs that build 21 century skills in learners, through well-balanced blended learning activities in scholastic and co-scholastic areas. Learning environment focusses on strengthening Knowledge, Attitude, Skill, Social and Moral Values.

## Grooming Champions

At Ryan, we go beyond integrating physical education into the curriculum: we encourage our students to participate in a variety of sports for the development of strong, healthy and supple bodies and minds. Ryanites have represented state and country in multiple sports.

## Age specific development experiences

Our students participate in unique development experiences such as Indian Model United Nations, World Scholar's Cup, International Theater Festival and Teen Camps. Ryan TV expands students' interests in media, both in front of and behind the camera.

## Social Responsibility and Nurturing Changemakers

At Ryan, we teach our students to understand and empathize with social issues. They undertake projects based on Compassion, Environment, Health Care, Economic Empowerment and Local Leadership Development at each of our schools.

## Modern teaching aids and inspiring educators

Our Learning Management System ensures our students are taught using the latest in online technology. In-class videos add to the impact, as we encourage students to take charge of their own learning.

## School without borders

We invite Expert Speakers and Teachers from around the world to visit our schools and conduct special sessions for our students. Education trips, such as to NASA and Thames Valley School enhance the exposure.

## Inter-Ryan Transfers

A student who is currently in a Ryan school gets admission on a priority basis in any of the 40+ cities in India where we have a school.

## Over 1000 Awards

We have won over 1000 Awards in India and abroad for excellence in education and social service.
