

From the Principal's Desk

A new academic year marks the beginning of a fresh journey filled with new opportunities, aspirations, and achievements. As we step into this new session, let us carry forward the lessons learned from the previous year and use them as stepping stones towards greater success.

Every new beginning gives us a chance to reflect, improve, and grow. Mistakes are not failures; they are valuable learning experiences that help us become wiser, stronger, and more determined. Let us embrace this year with a positive mindset, renewed enthusiasm, and a commitment to excellence.

My dear students, this academic year will bring countless opportunities for you to discover your hidden talents, sharpen your skills, and broaden your horizons. I encourage each one of you to participate actively in academics, sports, arts, leadership activities, and all the experiences our school has to offer. Believe in yourself, stay curious, and never stop learning.

Success is not measured only by marks but by the values we uphold, the efforts we make, and the character we build. Let us work together to create a culture of discipline, respect, innovation, and lifelong learning.

I wish all our students a year filled with growth, confidence, and remarkable achievements. May you continue to shine brighter with each passing day and make yourselves, your parents, and your school proud.

Wishing everyone a successful and inspiring academic year ahead.

Quote of the month

Creativity

“Creativity is intelligence having fun”

— Albert Einstein

This quote rightly highlights that that creativity is not just about being smart or knowing things — it’s about using your mind in playful, imaginative ways. When you let your ideas flow freely, mix knowledge with curiosity, and enjoy the process, that’s when true creativity shines.

ACTIVITIES

World Earth Day

On 22nd April, our school came alive with the spirit of **World Earth Day**, reminding everyone of the importance of caring for our planet. The day was marked with creativity, awareness, and joyful participation across grades. A plethora of activities were conducted to bring out creativity among the students.

Draw and Colour: Our youngest learners expressed their love for nature through vibrant drawings and colouring activities, filling the campus with cheerful art.

Newspaper Tree Collage: Students crafted beautiful collages using recycled newspapers, symbolizing the idea of giving waste a new life while nurturing trees.

Poster Making: With the theme “*My Earth, My Responsibility*”, students designed impactful posters that conveyed strong messages about protecting the environment.

Interhouse Skit Competition: Each house presented thought-provoking skits highlighting issues like pollution, deforestation, and conservation, inspiring everyone to take action.

The celebration was not just about activities but about instilling responsibility. Students learned that every small step—saving water, planting trees, reducing waste—contributes to a healthier Earth.

Community Service

As part of our school’s commitment to environmental awareness, students enthusiastically engaged in a community service program that focused on reducing plastic use. They showcased their creativity by making beautiful paper bags from

ACTIVITIES

recycled materials, decorating them with vibrant designs and thoughtful messages. Alongside this, they carried out an awareness campaign to inform people about the hazards of using plastic and the importance of adopting eco-friendly alternatives. To make the initiative impactful, the handmade bags were distributed in nearby shops, encouraging shopkeepers and customers to embrace sustainable practices. This activity not only highlighted the students' artistic talents but also instilled a sense of responsibility towards building a cleaner, greener community.

Inauguration of 15 Books Campaign

At Ryan International School, we believe that reading is the gateway to imagination, critical thinking, and lifelong learning. In alignment with our vision of nurturing global citizens and well-rounded individuals, the school successfully launched the "15 Books Campaign." This intensive reading initiative challenged Ryanites to explore, engage with, and devour 15 diverse books over the course of the term.

The campaign was designed not just to improve literacy, but to turn reading from a structured academic chore into a joyful personal habit and a lifelong passion.

I, the parent of Vardaan Dhama, would like to express my heartfelt gratitude to the Principal Ma'am, the teachers, and the entire Ryan International School family for their unwavering dedication and support throughout my son's Grade VIII journey.

It has been wonderful to see Vardaan grow not only academically but also in confidence, discipline, and overall personality. The encouragement, patience, and care shown by every teacher have played a significant role in his development.

A special thank you to Payel Ma'am for her constant guidance, motivation, and genuine concern for her students. Her dedication has made a lasting impact on Vardaan's learning journey. I would also like to extend my sincere appreciation to Nandini Ma'am, Simrana Ma'am, and every teacher who taught him in Grade VIII. Each one of you has contributed immensely to his growth, and we are truly grateful for your hard work and commitment.

Our heartfelt thanks also go to the Principal Ma'am for leading the school with such vision and dedication, creating a nurturing environment where every child is encouraged to learn, grow, and excel.

As Vardaan begins his journey in Grade IX, we feel confident knowing he is part of such a caring and inspiring institution. Thank you once again to each and every teacher and member of the Ryan International School family for making a positive difference in our child's life.
