

From the Principal's Desk

It is a pleasure to connect with our students and parents as we move into the vibrant festive season and reflect on a month of profound learning and achievement. This month, we took inspiration from the timeless values championed by Mahatma Gandhi. Our community collectively pledged to live by the spirit of "See no evil, hear no evil, speak no evil." We believe that true education is not just about academics but about shaping compassionate, responsible human beings. We are incredibly proud of the recent academic achievements. The students' commitment, supported by proper planning, execution, and dedicated extra practice provided by our hardworking faculty, has paid off handsomely. This success highlights the power of discipline and teamwork, and we commend every student who worked hard to earn these excellent grades. In line with our progressive approach to education, we are committed to providing platforms that allow students to grow beyond the classroom. This month, our students were given a wonderful opportunity to develop and showcase their leadership and entrepreneurial skills. The students were engaged in various internship programs, and they also set up markets.

As we approach the festival of lights, Diwali, I extend my warmest and most sincere best wishes to all my dear students and parents. May the festival bring a bounty of joy, peace, prosperity, and light into your homes and hearts. Please enjoy this special time with your families, celebrating safely and happily.

“

Quote of the month

“We come nearest to the great when we are great in humility.”

Rabindranath Tagore

This powerful quote by Rabindranath Tagore means that true human greatness is not achieved through pride, arrogance, or a feeling of superiority, but through the profound and expansive quality of humility.

ACTIVITIES

International Day for Elderly

On the occasion of International Elderly Day, the students of the Montessori section expressed their gratitude and love towards their grandparents through a sweet and thoughtful gesture. They made beautiful "Thank You" greeting cards in their own creative ways.

The little ones enthusiastically participated in the activity, pouring their creativity, affection and warmth into each card. It was a delightful sight to see them carefully decorating and writing messages to show how much they love and cherish their grandparents. The activity not only nurtured their artistic skills but also helped them understand the importance of respecting and valuing the elders in their lives.

Grandparent's Day Celebration

The school celebrated Grandparents' Day with great joy and enthusiasm, honouring the love, wisdom, and legacy of our beloved grandparents. The event was filled with warmth and nostalgia as grandparents proudly showcased their treasured collections — including old coins, stamps, and even an antique telephone set.

Fun and laughter echoed through the venue during the "Head, Shoulders, Knees and Toes" game, where everyone participated with enthusiasm. A special Time Capsule Activity added a creative touch, as grandparents displayed items from their time while their grandchildren drew the modern versions of them — beautifully bridging the gap between generations.

ACTIVITIES

The celebration concluded with a cheerful group photograph capturing the precious memories of the day. Grandparents also visited the Market Day stalls organised by students of Grades VI to IX and purchased festive items, appreciating the students' creativity and efforts.

It was truly a heartwarming celebration that strengthened the bond between generations and created memories to cherish forever.

Shape Day Activity Rectangle

The Shape Day - Rectangle activity was conducted with great enthusiasm and excitement among the students. The young learners actively participated and explored the concept of the rectangle shape through a variety of engaging and creative tasks.

Students of **Mont I** showcased their creativity by making rectangle robots using colourful paper cutouts of different sizes. Each child carefully arranged and pasted the rectangles to design their unique robot, demonstrating imagination, coordination and a clear understanding of the shape. **Mont II** students made a rectangular shape activity where they drew a xylophone in a rectangular shape and coloured it beautifully. The children also identified and displayed various objects around them that were in the shape of a rectangle.

Mont III Children enjoyed identifying rectangular shapes and created beautiful artwork using rectangles. They participated enthusiastically and displayed their creativity while learning about the shape.

The activity not only helped them to identify and differentiate the rectangle shape but also

ACTIVITIES

enhanced their fine motor skills, spatial awareness and creativity. It was a joyful and enriching learning experience, as the children proudly displayed their beautiful creations with big smiles and a sense of accomplishment.

Indian Air Force Day

To celebrate Indian Air Force Day, the students enthusiastically participated in a fun and creative activity where they made paper jet planes. The activity helped them learn about the importance of the Indian Air force while engaging in a hands-on craft. The little ones enjoyed the activity and proudly showcased their paper jets expressing joy and patriotism.

White Day

White Day was celebrated with great enthusiasm in the Montessori section, with children dressed in white and bringing white colored food items. Exciting activities were organized for each level:

Mont I: Students participated in a paper tearing activity, creating polar bears by tearing and pasting paper.

Mont II: Children made beautiful flowers using finger prints.

Mont III: Learners used cotton balls to craft fluffy sheep.

Diwali Activity - Garland Making

On the occasion of Diwali, the students enthusiastically created beautiful garlands using colourful flowers, leaves and threads.

ACTIVITIES

They were fully engaged and delighted throughout the activity, enjoying the process of threading the vibrant flowers together and expressing their creativity while preparing for the festive celebration.

SUBJECT ENRICHMENT

English - Mont I

Letter Tracing Activity

Children actively participated in the letter tracing activity where they practiced tracing letters on the board. This engaging exercise helped them improve their fine motor skills, hand eye coordination, and letter recognition. The activity also made learning fun and encouraged confidence in writing skills.

Maths - Mont I

Counting Beads - Learning Numbers Through Play

Little learners enjoyed a hands on activity with colourful beads, enhancing their number recognition and counting skills while developing their fine motor coordination.

Maths - Mont II

Number Matching Activity

Children enthusiastically participate in a number - matching activity using wooden puzzles. They identified and matched numbers with corresponding dot patterns. The activity helped them to strengthen their counting and number recognition skills.

SUBJECT ENRICHMENT

Maths - Mont III 'B' & 'C'

Building Numbers with Ten Frames.

Learners enhanced their number sense with an engaging Tens and Ones activity. Using ten frames, they recognised numbers, arranged the correct tens and ones, and visually constructed numbers. This hands-on approach made learning place value clear, interactive and fun.

PARENT'S CORNER

Beautiful Beginning: Our Daughter's Journey at Ryan International School

"Small beginnings, big dreams — that's Ryan!"

When we enrolled our daughter in Mont I at Ryan International School, she was just nearly 3 years old. As parents, we were a little anxious and filled with questions — *"Will she adjust? Will she be comfortable? Will she enjoy school?"*

But today, as we look back, our hearts are filled with immense joy and gratitude.

From the very first day, Ryan International School has provided not just education, but a warm, loving, and nurturing environment that made our daughter feel at home. Being her first school, this place has played a remarkable role in shaping her early learning journey.

Earlier, she was talkative at home but hesitant in new surroundings. Now, she confidently communicates, narrates stories, sings rhymes, and participates in every class activity with enthusiasm. We have also noticed wonderful progress in her tracing and pre-writing skills, and above all, her self-confidence has grown beautifully.

Each morning, she wakes up with a bright smile and comfortably gets ready for the school. That innocent joy reflects how happy and secure she feels at school.

We are sincerely thankful to her amazing class teachers, Mita Ma'am and Zufesha Ma'am, for their constant support, encouragement, and affection. Their patient and caring approach has helped our daughter settle in smoothly and blossom with confidence. Our heartfelt thanks also go to the entire Ryan team — from the kind helpers and nannies to

PARENT'S CORNER

the vigilant security staff — for ensuring a safe, loving, and joyful atmosphere every day.

As parents, we couldn't have asked for a better beginning to our daughter's educational journey.

Thank you, Ryan International School, for making her first step into learning so memorable, meaningful, and full of happiness.

"A teacher's love plants the seed that blooms for a lifetime."
