## From the Principal's Desk

### A Tribute to Our Teachers and a Triumph for Our School

September is a month that holds a special place in our hearts, as we dedicate it to the incredible teachers who are the true pillars of our school. They are the heart and soul of our institution, tirelessly working to lay a strong foundation in every child's life. Their dedication, passion, and commitment shape not only academic futures but also the character and values of our students. We are profoundly grateful for their hard work and the countless hours they pour into nurturing the minds and spirits of the next generation.

This month, we also celebrated a monumental achievement as we proudly hosted the 4th edition of the Tirangaa competition. The event brought together 10 schools and more than 200 participants in a vibrant display of talent and sportsmanship. Our students showcased exceptional team spirit, dedicating countless hours to preparation and practice. Their sheer hard work and dedication paid off spectacularly, as our school was honored with the overall champion trophy. The success we've seen this month, both in our academics and our extracurricular pursuits, fills me with immense pride. It is a powerful reminder of what we can achieve when we work together as a community, driven by a shared vision of excellence.

**Principal, RIS Dombivli**

## **Editorial Committee:**

**Ms. Sandeepa Kumar - Principal**

**Ms. Utkersha Phadte**

**Ms. Simirna Nadar**

**Ms. Crystal Tambe**

**Ms. Annapurna**

**Ms. Smitha Mathala**

## **Quote of the month**

**“*No matter what is the environment around you, it is always possible to maintain your brand of integrity.*”**

**- Dr. A. P. J. Abdul Kalam**

Dr. A. P. J. Abdul Kalam's quote is a powerful statement about the enduring importance of character and ethical conduct. This quote is particularly inspiring because Dr. Kalam himself was a living example of such integrity.

## Activities

### Founder's Day

Ryan International School, Dombivli, celebrated Founder's Day with great enthusiasm and purpose. Our students engaged in meaningful activities that nurtured their young minds and enhanced a sense of social responsibility. As part of the celebrations, our students donated books to promote education and support underprivileged children. They also participated in a plantation drive. The students showed their creativity by making cards and enacting role-plays that expressed their thoughts and appreciation for our Chairman, Dr. A.F. Pinto. These activities not only honored our founder's legacy but also instilled valuable life skills and values in our students.

### Teacher's Day

A Tribute to the Pillars of Education. Teachers' Day was celebrated at Ryan International School, Dombivli with great enthusiasm and fervor. The event was a heartfelt tribute to the dedicated teachers who shape the minds and future of the students. A special assembly was conducted by the students, to appreciate and show gratitude towards their teachers. The School Parliament members beautifully organized a small program, which was a delightful blend of music, skit, and heartfelt speeches. The school administration and students alike expressed their deepest gratitude to the teachers for their tireless efforts, dedication, and commitment to providing quality education.

### Young Explorers Discover the Wonders of Ladybugs

Our curious students had an exciting time learning about ladybugs! They learnt different parts of these tiny creatures, understood their vital role in helping farmers, and discovered why they're considered beneficial

## Activities

insects. Through hands-on activities and interactive learning, our young explorers gained a deeper appreciation for the importance of ladybugs in our ecosystem. It was a delightful blend of fun and science.

### Empowering Young Minds with Hands-on Experience

Our Grade IX students had an incredible opportunity to participate in an internship program at Anil Eye Hospital, Dombivli. They gained valuable hands-on experience exploring various medical equipment and understanding their applications in the field of ophthalmology. This experiential learning experience not only broadened their knowledge but also instilled confidence and curiosity. We're thrilled that our students received certificates upon completing the program, recognizing their dedication and enthusiasm.

### Celebrates International Literacy Day

Our students shone bright as they celebrated International Literacy Day with a burst of creativity and enthusiasm. The event featured a range of engaging activities, including book reviews, storytelling, and debates, which showcased their love for reading and public speaking. It was heartening to see our young learners confidently expressing their thoughts and ideas, demonstrating their literacy skills and passion for knowledge.

### Health Check-Up Camp

We recently organized a 3-day medical camp for our students, focusing on their overall health & well-being. Team of expert doctors meticulously examined each child & prepared a detailed health report. At Ryan Dombivli, we prioritize our students' well-being.

## Activities

### Students are Shining Bright with Innovation Grade IV

They recently completed an exciting project, creating solar-powered streetlights that use renewable energy. The students learned firsthand about the power of the sun by using solar panels to harness energy, illuminating their miniature streetlights.

This hands-on project taught them key concepts about renewable energy sources and sustainability, showing them how we can use clean energy to power our world. The students did an incredible job and are a testament to how bright our future is!

### Innovating with a Smart Irrigation System Grade VI 'A'

Our Grade VI 'A' students have demonstrated incredible innovation by developing a Smart Irrigation System. This project, a perfect blend of technology and environmental science, was a testament to their budding skills of innovation and reasoning.

Using microcontrollers and soil moisture sensors, the students engineered a system that automatically waters plants when the soil is dry. They honed their coding skills with Arduino, writing programs that bring the hardware to life.

This hands-on experience taught them about automation, electronics, and sustainable water usage. We are so proud of their creativity and problem-solving abilities. Their project highlights how technology can be used to create efficient and eco-friendly solutions.

## Activities

### Hindi Diwas

We celebrated Hindi Diwas with great enthusiasm and fervor. Our special assembly highlighted our love for the Hindi language, featuring captivating skits, inspiring speeches, energetic dance performances, and soulful songs. It was a wonderful way to emphasize the significance of Hindi and promote our rich linguistic heritage.

### Celebrating Health and Wellness During Nutrition Week

Our school recently celebrated Nutrition Week with a series of vibrant and educational activities focused on healthy living. Healthy living being one of the vision points of our chairman sir the children were educated about the same. The students enthusiastically participated, showcasing their creativity and knowledge about a balanced diet.

One of the highlights was a stunning art project where students used different types of grains and pulses to create beautiful, rainbow-shaped collages. This activity was a fun and visual way to learn about the variety of legumes and their nutritional value.

In another activity, our budding chefs shared their favorite healthy recipes, inspiring everyone to try new and nutritious meals. From colorful fruit salads to wholesome vegetable stir-fries, the recipes highlighted how delicious and easy healthy eating can be.

The week-long celebration was a fantastic reminder of the importance of good nutrition for a healthy body and mind. It was wonderful to see our students embrace these lessons with such creativity and enthusiasm!

## Activities

### Celebrating PM Modi's Birthday with a Special Tribute

Our students recently took part in a meaningful activity to celebrate the birthday of Prime Minister Narendra Modi. In a heartfelt gesture, they wrote a collection of letters dedicated to him.

This was a wonderful opportunity for our students to learn about leadership and express their thoughts on the country's progress. The letters, filled with good wishes and appreciation. This initiative helped students connect with a significant national figure and encouraged them to reflect on their role as young citizens.

### Visualizing Math: Square and Triangular Numbers Grade V 'A'

This month, our Grade V 'A' students dived into the fascinating world of square numbers and triangular numbers through an engaging Math Lab Activity.

The objective was for students to visualize and demonstrate these numerical concepts using simple bindis. Under the guidance of their teacher, the students actively created patterns, transforming abstract numbers into tangible, visual representations. This hands-on approach made learning interactive and enjoyable, transforming the math period into an exciting exploration.

The outcome was a resounding success! Students not only grasped the concepts of square and triangular numbers but also significantly enhanced their mathematical comprehension through this visual and tactile learning experience. It's wonderful to see our young learners engaging so enthusiastically with mathematics!

## Activities

### Internship Program: Bijoy Engineering

Our Grade IX students recently participated in an Internship Program at Bijoy Engineering, where they got a wonderful opportunity to explore real-world industrial practices.

They learned about dice making and gained insights into various fabrication works, observing how concepts from the classroom come alive in practical applications.

Such experiences not only build curiosity but also nurture problem-solving, creativity, and confidence in our young learners.

A big thank you to Bijoy Engineering for mentoring our students and giving them a glimpse into the world of engineering and innovation.

### Students Get Hands-On with Balanced Diet Grade V

As part of the science curriculum, students in Grade V explored the concept of a balanced diet through an engaging and interactive hands-on activity.

Instead of just reading about food groups, the students were tasked with creating their own "balanced plate" using a variety of real and model food items. They learned to identify and categorize foods into key groups: fruits, vegetables, grains, protein, and dairy. The activity encouraged them to think critically about portion sizes and the importance of including a variety of foods from each group for optimal health and energy.

## Activities

### Explore the Nervous System - Grade V

Our students of Grade V recently embarked on a fascinating journey into the human body, specifically delving into the intricacies of the nervous system through a series of hands-on activities. Moving beyond textbook diagrams, they were able to truly grasp how our body's communication network functions. One of the highlights was an activity where they used string and beads to create a large-scale model of a neuron, the basic building block of the nervous system. The students' excitement and curiosity were palpable throughout the session. By actively participating in these activities, they gained a deeper and more memorable understanding of a complex biological system.

### Organ System

Our Grade III 'B' students embarked on an exciting journey to learn about the human body's organ systems. Using interactive activity kits, they discovered the wonders of the respiratory, excretory, and other vital systems.

Through hands-on experiences, our young learners gained a deeper understanding of how these systems work together to keep our bodies healthy and functioning. It was a fun and engaging way to learn about the intricacies of the human body.

### Digestive System

Our students enjoyed discovering the digestive system with the Yardstick kit. This interactive tool helped them visualize and understand the journey of food through the digestive tract, from mouth to stomach to intestines. With hands-on activities, our young learners gained a deeper

## Activities

understanding of the digestive process and how our bodies absorb essential nutrients. The Yardstick kit made complex concepts fun.

### Exploring the World, Celebrating Tourism

Our students enthusiastically participated in World Tourism Day celebrations. The events included JAM sessions, where they expressed their views on the importance of tourism, presentations on diverse tourist destinations, a quiz competition that tested their knowledge of global cultures, and essay writing contests that allowed them to share their thoughts on sustainable tourism. These activities not only enhanced their understanding of tourism but also honed their skills in public speaking, research, and writing.

### Embracing Integrity through Street Play

Our students recently showcased their creativity and understanding of integrity through a captivating street play performance. The play highlighted the importance of honesty, responsibility, and moral principles in our daily lives. By participating in this activity, our students gained a deeper understanding of integrity and its significance in building strong relationships and a positive community. The street play served as an engaging way to convey valuable life lessons, promoting empathy and self-reflection.

### An Unforgettable Day at Kidzania!

Our students from Mont to Grade VIII recently had an absolute blast at **Kidzania**, where they stepped into a world of professions and explored what it's like to be a grown-up for

## Activities

a day. The excitement and joy on their faces said it all!

Our young learners got hands-on experience in a variety of roles, trying everything from being a baker, to a beautician, to a musician, and even a firefighter. They learned about the inner workings of a bank, the teamwork required to deliver packages, and the creativity needed to create their own works of art.

Kidzania provided a fantastic opportunity for our students to not only have fun, but also to learn about different careers, teamwork, and responsibility in a safe and engaging environment. It was truly an unforgettable day of discovery and fun.

## Tirangaa 2025: Breaking Barriers, Building Dreams!!!

The much-awaited event of Ryan International School, Dombivli, 'Tirangaa', was held on 13th September, bringing together around 270 talented students. The theme 'Breaking Barriers, Building Dreams' resonated with the participants as they showcased their skills in 5 exciting categories. The event was a huge success, with students thoroughly enjoying the competitions and learning valuable lessons. It was wonderful to see the enthusiasm displayed by all participants.

## Best Teacher Award

We're overjoyed to announce that our teacher Ms. Payel Dey has been honored with the prestigious "Best Teacher Award 2025" by 'In Major City'. The award was presented by our respected School Principal, Ms. Sandeepa acknowledging her exceptional contribution to education. We're proud to have her as part of our team.

## Activities

### Leadership and Excellence Award

We're thrilled to announce that our school has been recognized for excellence! We've received the prestigious "Leadership and Excellence Award" from CFore Ranking, a renowned organization that evaluates educational institutions across India.

This achievement reflects our commitment to providing high-quality education and leadership. CFore Ranking assesses schools based on over 15 key parameters, ensuring that only the best institutions receive this honor.

Congratulations to our students, teachers, and staff for this remarkable achievement! We're proud to be recognized among the best.

## PARENT'S CORNER

### **A Parent's Experience with Ryan**

As parents, we feel truly blessed to be a part of the Ryan family. The school has not only provided excellent academic guidance but has also created an environment where children learn values, confidence, and teamwork.

Our daughter, Kiara, has grown beautifully during her journey at Ryan. From being a little shy in the beginning to now actively participating in cultural events, competitions, and class activities, we have seen her blossom into a confident and enthusiastic learner. Winning prizes and recognition has further boosted her self-belief, but what touches us the most is how the teachers constantly encourage her efforts, whether big or small.

Ryan has taught Kiara not just academics, but also discipline, kindness, and the joy of working together. The school celebrates every child's uniqueness, making them feel valued and special. We believe this constant encouragement is shaping her into a balanced and responsible individual who believes she can achieve anything she dreams of.

We are truly grateful to the teachers, principal, and management for their dedication and

## PARENT'S CORNER

warmth in nurturing our children. Ryan has become more than just a school for us—it is a place where children evolve, families feel connected, and values are built for a lifetime

**- Ms. Anusneha Rakesh Nair,  
Parent of Kiara Nair - Grade III 'B'**

## Upcoming Events

- International Day for the Elderly
- Gandhi Jayanti
- World Space Week
- Indian Air Force Day
- World Students Day
- Global Handwash Day
- Diwali Activities
- Lead by Example
