INTERNATIONAL SCHOOL

Runwal - MyCity

SCHOOL
Connect **August 2023**
Grades I to VII

From the Principal's Desk

Politeness, often described as the lubricant of social discourse, transcends cultural and individual differences, providing a common language that binds us together. It acts as an adhesive that holds our Ryan family together, encouraging an environment of mutual respect and understanding between parents, teachers, and students. In our classrooms, we emphasize the importance of expressing thoughts and opinions with politeness, listening actively, and providing productive feedback. These skills not only enhance academic discourse but also lay the foundation for positive and inclusive relationships. Politeness, when instilled at a young age, becomes a powerful force for positive change, shaping the character of individuals who contribute meaningfully to society.

In conclusion, let us collectively embrace the spirit of politeness as an essential component of our educational mission. Together, we can cultivate a culture of respect, empathy, and understanding within the school campus. As we strive for academic excellence, let us also sow the seeds of politeness that will blossom into a garden of positive relationships and shared success.

“

Quote of the month
***"Politeness is
the flower of humanity,"***
- Joseph Joubert

”

The thought conveys the idea that displaying politeness and good manners is a quintessential aspect of being a human and considerate individual. Just as a flower is a beautiful and delicate manifestation of a plant, politeness is seen as a beautiful and delicate manifestation of human behavior. It is something that adds grace, charm, and beauty to human interactions, much like how flowers enhance the beauty of a garden.

FROM COORDINATOR

Politeness is a necessary virtue for all. Being gentle and polite is a good behavior that is required by everyone to follow. In order to live a good social life, polite behavior is important. Rude words offend and hurt the feelings of the person, whereas it makes everyone feel good if positive, encouraging, pleasing words are used during an interaction.

In society, being polite with others is a duty. It is expected that we stay calm and graceful even when others are showing tantrums. The response of polite students is always thoughtful to various situations. Students should learn politeness right from their childhood. That is, they should develop feelings of care and understanding. Thus, at Ryan International School, Dombivli, students are encouraged to participate in various activities throughout the academic session wherein they not only develop politeness for their classmates but also for their countrymen, for their country and even for the elements of nature.

ACTIVITIES

Friendship Day

Friendship is a ship that helps us sail through the journey of life. The tiny tots at Ryan School came together to celebrate the essence of friendship. They engaged in a delightful activity of making friendship bands for their dear friends. The children of grade I and II, with their innocent hearts, decided to create something special to signify the true meaning of friendship. They crafted a Friendship Band Rainbow, reflecting the vibrant and diverse colors that friends bring into each other's lives. As the students progressed to grades III to V, they took the opportunity to express their feelings about their friends in the class. Taking it a step further, the more mature and thoughtful grade VI and VII students created a Friendship Cloud. This creative masterpiece portrayed the cloud as a metaphor for the vastness and depth of their friendships. Just like clouds gather together, these students acknowledged that true friends come together in times of joy and sorrow, providing support and understanding to weather any storm that life may bring. The entire celebration served as a reminder to all the students the value of friendship in their lives.

Independence Day

The 76th Independence Day of India was joyously observed on the 15th August, 2023, within the confines of Ryan International School in Dombivli. The primary objective of this event was to express gratitude and admiration for the remarkable leaders of our nation's freedom movement, individuals who made monumental sacrifices to secure our country's independence. The students were wholeheartedly prepared to engage in the festivities and demonstrate their deep sense of patriotism.

The distinguished guest of honor on this occasion was Dr. S Neelkanthan, a retired Naval officer renowned for his unwavering dedication to the service of our nation. Dr. S Neelkanthan, brimming with pride and honor, raised the national flag high, a powerful symbol of our country's sovereignty and unity. This poignant moment permeated the atmosphere with a profound sense of reverence and national pride.

The festivities encompassed a range of activities that underscored the significance of India's 76 years of independence. Prayers were offered, and gratitude towards the relentless leaders who fought for our nation's freedom was showcased. The air was filled with patriotic melodies, resonating through songs that stirred the spirit of nationalism among both students and staff.

ACTIVITIES

The students, with their captivating dance performances, vividly portrayed India's rich cultural heritage. Their energetic and synchronized movements served as a reminder of the unity and harmony that define our great nation. Furthermore, precision and determination were symbolized through a wonderful display of toy bands from the mont classes. In a special presentation, the fifth-grade students delivered a skit centered around the theme "Nasha Mukh Bharat," emphasizing a drug-free India.

World Water Week

Water is one of the most vital components of life on our planet. Recognizing this significance, a remarkable initiative was undertaken at Ryan International School, involving students from grades I to VII. This initiative aimed to raise awareness about water conservation and instill a sense of responsibility towards preserving this invaluable resource. The students of grades I to V embarked on a creative journey to showcase various ways to conserve water within the school premises. These posters illustrated simple yet effective methods of water conservation, such as turning off taps when not in use, fixing leaky faucets, and using water-saving devices like low-flow toilets and faucets. The students of grade VI and VII took on a more ambitious task by addressing water conservation on a global scale. The young minds of the school were now more motivated than ever to make a difference. They understood that water conservation is not just a duty but a collective responsibility that transcends age and boundaries.

Community Service

The recent collaboration between the students of Zilla Parishad and our school students was a remarkable learning journey. The initiative brought together young minds from different backgrounds

ACTIVITIES

to engage in a series of exciting and interactive math and science activities. From conducting simple chemical reactions to exploring the wonders of physics through hands-on experiments, the children were enthralled by the world of science. These experiments ignited their curiosity, prompting them to ask questions, make hypotheses, and analyze results, thus fostering critical thinking skills that are essential for future scientific endeavors.

Moreover, the collaboration extended to mathematics, a subject that often instills a sense of challenge in students. However, with the interactive math activities, the students discovered the fun side of math. Through games, puzzles, and mathematical challenges, they not only improved their math skills but also realized that math can be both enjoyable and accessible. The activities also emphasized the importance of problem-solving and logical thinking, skills that are vital not only in math but also in various aspects of life.

Club Activities

A variety of extracurricular activities were conducted at the school, and each club had a unique and exciting event to offer. These activities added a layer of enrichment to the students' lives. The Eco Gardening Club, with its focus on sustainability and environmental awareness, decided to engage its members with an educational quiz. The Heritage Club, known for its dedication to preserving and celebrating cultural traditions, organized a delightful activity centered around traditional recipes. Health and wellness took center stage as the Health and Wellness Club conducted a yoga session for all interested students. The Performing Arts Club had everyone tapping their feet to the rhythm of pop songs. The club organized a lively session where students had the opportunity to sing, dance, and express themselves through music. The Revival of Art Club

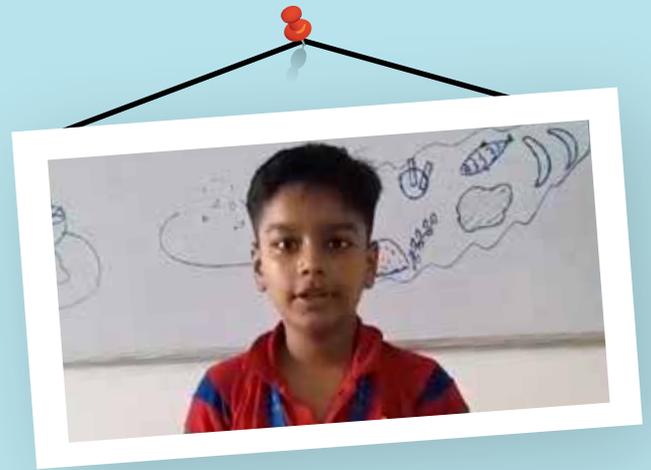

ACTIVITIES

added a touch of creativity with a bookmark-making activity. The Literary Club conducted 'Just a Minute Talk' for its members. Lastly, the Sci-PI Club explored a vital area of knowledge with their "Grandma's Nuskhe - First Aid" activity. They shared age-old home remedies and first aid tips that have been passed down through generations. Such initiatives contribute to a well-rounded education, nurturing the physical, mental, and creative aspects of the students' development.

Founder's Day

Founder's Day was celebrated at Ryan International School to celebrate the birthday of visionary Dr. A.F Pinto. Grade I made a birthday card. Grade II made a birthday book mark. Grades III to V wrote wishes for Dr. A.F Pinto. The English Calligraphy Writing Competition was conducted for grade VI to VII.

Founder's Day at Ryan International School was a momentous occasion that brought the school together to celebrate the birthday of the visionary educator, Dr. A.F. Pinto. This special day was not only an opportunity to pay tribute to the school's founder but also a time for students to showcase their creativity and express their gratitude. The students of grade I, with their innocent hearts and artistic talents, put their creative skills to good use by crafting heartfelt birthday cards for Dr. A. F. Pinto. Grade II students demonstrated their creativity by making personalized birthday bookmarks. In grades III to V, the students took a more literary approach to express their wishes for Dr. A.F. Pinto. They penned down heartfelt messages and wishes in the form of letters. The English Calligraphy Writing Competition was organized for students in grades VI and VII. The students of all grades expressed their appreciation for the founder, Dr. A.F. Pinto, in creative and heartfelt ways.

ACTIVITIES

National Sports Day

National Sports Day is a significant occasion celebrated in India to honor the legendary Major Dhyan Chand, whose remarkable contributions to the world of sports, particularly in the field of hockey. Major Dhyan Chand's exceptional skills and sportsmanship continue to inspire generations of athletes and enthusiasts alike.

The celebrations at the school for National Sports Day were filled with enthusiasm and a deep sense of respect for Major Dhyan Chand. The students from grades I to V took a unique and engaging approach to pay tribute to their favorite sports players. They dressed up as famous athletes from various sports and shared a few sentences about them. In grade VI and VII, the focus of the celebration shifted towards understanding and appreciating Major Dhyan Chand's life and legacy. These students wrote articles about Major Dhyan Chand, his impact on Indian sports, and his enduring influence on the field of field hockey. These articles served as an opportunity for the students to engage in in-depth research and reflection. National Sports Day at the school was not just a day of celebration but also a day of reflection and learning.

Raksha Bandhan

Raksha Bandhan, the festival of sibling love and protection, was celebrated with a twist at our school this year, with a focus on both eco-friendliness and understanding the cultural significance of the festival. The younger students, from grades I to V, tapped into their creative sides by making eco-friendly rakhis. The students used natural materials like twine, leaves, and flowers to create their rakhis. This not only reduced waste but also symbolized the harmony between human traditions and nature. On the other hand, students from grade VI and VII delved into the deeper cultural and historical aspects of Raksha Bandhan by creating informative posters. The Raksha Bandhan celebration at the school was a beautiful fusion of tradition and environmental consciousness.
