Date: 01.09.2023

Dear Parents,

Greetings from Ryan International School, Kondapur!

HAPPY TEACHER'S DAY

India celebrates Teacher's Day on September 5th every year to commemorate the birth anniversary of Dr. Sarvepalli Radhakrishnan, who served as the first Vice-President and the second President of Independent India from 1962 to 1967. Dr. Radhakrishnan was not only a distinguished scholar and philosopher but also a renowned teacher.

Teacher's Day in India is a special occasion dedicated to recognizing, assessing, and advocating for improvements in the teaching profession. It serves as an opportunity to express gratitude and respect towards teachers for their invaluable contributions to education and the nurturing of students.

The tradition of celebrating Teacher's Day on September 5th began during Dr. Radhakrishnan's presidency when his former students approached him with a request to commemorate his birthday in this meaningful way. Instead of celebrating his own birthday, he suggested that the day be observed as a day to honor and appreciate teachers, emphasizing their crucial role in shaping the future of the nation. Thus, Teacher's Day in India serves as a fitting tribute to the dedication and commitment of educators across the country.

Dr. Radhakrishnan asked for making September 5 to be celebrated as Teachers' Day in order to recognise the importance of teachers to society.

5th September 2023, Teachers Day
