RYAN INTERNATIONAL SCHOOL

KOMPALLY

E-WASTE COLLECTION DRIVE

Circular No: Cir/143/26-27 **Date:17/08/2026**

Dear Parents,

Greetings from Ryan International School, Kompally!

As part of our continued efforts towards promoting **environmental responsibility and sustainable practices**, the school is organising an **E-Waste Collection Drive** on **22nd August 2026**.

Parents and students are encouraged to contribute their **unused or discarded electronic items** that can be responsibly collected and recycled.

Items that may be contributed:

- Old mobile phones and chargers
- Keyboards, mice and computer accessories
- Cables, wires and adapters
- Small electronic devices
- Batteries and other permissible e-waste

We request you to send the e-waste with your ward to school on or before **22nd August 2026**. All collected items will be channelized for **responsible recycling and disposal** through appropriate channels.

Let us work together to reduce electronic waste and nurture a **cleaner, greener and more sustainable future** for our children.

Every small contribution makes a difference!

Regards,

Principal
Ryan International School, Kompally
