

From the Principal's Desk

Happiness is not something ready-made. It comes from your own actions."

- Dalai Lama

"At the heart of education lies the power to shape not just minds, but lives." At Ryan International School, Kompally, each month unfolds with a vision and value that gently guide our Ryanites towards becoming compassionate and responsible global citizens. The month of April celebrated the vision of Healthy Living and the value of Happiness, brought alive through vibrant classroom activities, cheerful events, and moments that reminded our children that wellness and joy go hand in hand. As June arrived, the focus shifted to the vision of Environment and the value of Optimism. From Father's Day to International Yoga Day, from Sunny Yellow Day to a thoughtful Plantation Drive, every experience inspired our young learners to believe that "planting a tree is planting hope for tomorrow." Adding further significance, the Investiture Ceremony instilled the spirit of leadership, where our newly elected council pledged to serve with honesty, integrity, and responsibility. These months truly reflected our conviction that nurturing happiness, optimism, leadership, and care for the environment are not just school values but stepping stones towards a brighter, sustainable future.

Quote of the month

***"Choose to be optimistic
- it feels better. Happiness
grows where hope is
planted."***

ACTIVITIES

First Day of School Mont I to III

Welcome to the first day of school! We had a wonderful start to the year with your little ones. The children spent time exploring their new environment, getting to know their teachers and classmates, singing songs, enjoying snack time, and playing with a variety of classroom materials. Some children were a bit shy or emotional, which is completely normal, and we provided lots of comfort and reassurance to help them feel safe and secure. We're excited for a joyful year ahead, filled with learning, laughter, and growth!

Duck Making Activity Mont III

The children enjoyed a duck-making activity using paper, which sparked their creativity and fine motor skills. They carefully folded, pasted, and decorated paper shapes to create their own little ducks, using bright colors and fun materials. Some children followed the steps with focus, while others added their own unique touches, showing wonderful imagination. It was a joy to see their excitement as their ducks came to life on paper. This activity helped them practice hand-eye coordination, learn about animals, and express themselves through art in a fun and engaging way.

Standing and Sleeping Line Mont I

Our Mont I children were introduced to the concept of standing and sleeping lines through a fun and interactive block activity. Using colourful blocks, the children explored how vertical (standing) and horizontal

ACTIVITIES

(sleeping) lines look and how they can be formed. They enjoyed placing the blocks in different directions and proudly identifying the lines they created. This hands-on activity helped develop their understanding of early writing concepts while also strengthening their fine motor skills and spatial awareness.

House Making Using Shapes - Mont II

The children had a fun and creative time learning about shapes by making houses through shape pasting activities. They were introduced to basic shapes like squares, triangles, and rectangles, and used them to build their own little houses on paper. It was a wonderful hands-on activity that helped them recognize shapes, improve their fine motor skills, and express their creativity. Some children carefully chose their colours, while others enjoyed exploring how the pieces fit together. It was amazing to see their excitement and focus during the activity.

SCHOOL EVENTS AND ACTIVITIES

Sibling Day Celebration Mont II & III

As part of the Sibling Day Celebrations, students from Mont II & III participated in a speaking activity titled "My Most Loved Picture". Each child brought a photograph featuring their siblings or a close cousin/relative and shared a few lines about the bond they share, and the memory attached to the picture.

SCHOOL EVENTS AND ACTIVITIES

Children confidently expressed their thoughts, emotions, and love while showcasing their photographs to peers. This activity served to strengthen family values and enhance verbal skills in a fun and loving environment.

Winners:

Position	Grade	Student Names
I	Mont II	Nidishta
II		Nivrithi
III		Jeevansh
I	Mont III	Ruvanshi
II		Zephen
III		Vanshika

Pink Day Celebration Pre-primary

As part of the Pink Day Celebrations, students from Mont I to III participated in creative and engaging activities themed around the colour pink.

Mont I students participated in a colouring activity using pink crayons. Teachers provided pink-themed colouring sheets for activity.

Mont II students created a paper watermelon craft using pink and green coloured paper, resembling the reference image.

Mont III students designed beautiful paper flowers using pink and green coloured paper, following a guided design. Children added charm to the celebration by dressing in pink attire or bringing pink-coloured items to mark the occasion.

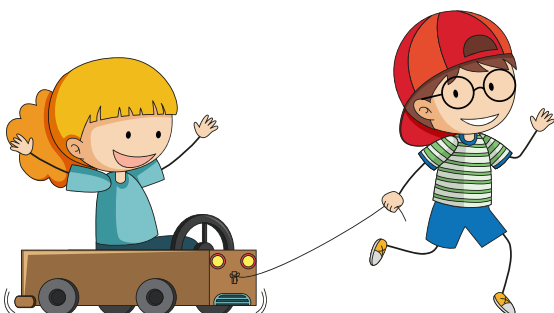

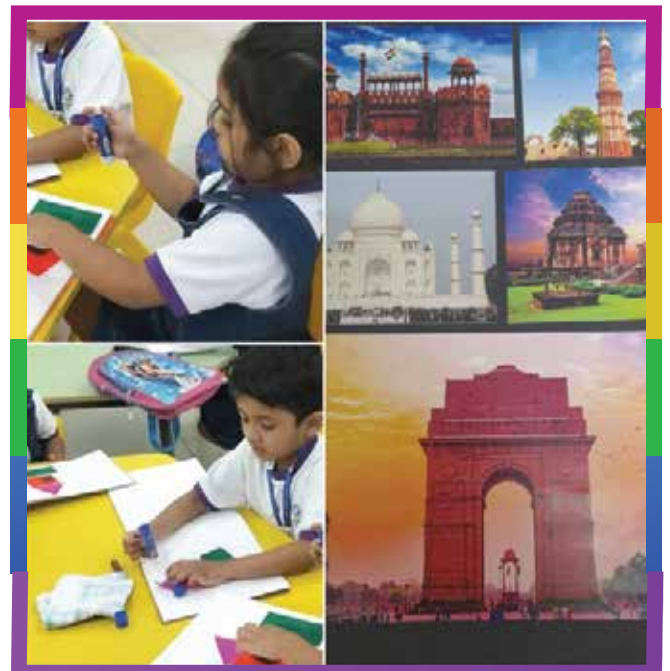

Winners:

Position	Grade	Student Names
I	Mont I	Aarna
II		Veda
III		Karthikeya
I	Mont II	Nidishta
II		Padmanabh
III		Krishika
I	Mont III	Neelambari
II		Zephen
III		Aanvi

World Heritage Day - Collage Making Competition Pre-primary

As part of the World Heritage Day celebration, students from Mont I, II & III activity based on the theme “My Pride, My Heritage”. Children were guided to select and creatively arrange pictures of five iconic Indian monuments on a collage sheet. Class teachers engaged students by explaining the historical and cultural significance of the selected monuments, such as the Taj Mahal, Qu tub Miner, Red Fort, and others. A sample collage was also displayed for reference.

Winners:

Position	Grade	Student Names
I	Mont I	Aarna
II		
III		
I	Mont II	Aira Naik
II		Ishanvi
III		Vidit
I	Mont III	Aadhuri
II		Aanvi
III		

World Earth Day - Drawing and Colouring Competition

Our Pre-primary students joyfully celebrated World Earth Day. This special day focused on appreciating and protecting our beautiful planet. The day featured fun and age-appropriate activities. These activities introduced our young learners to the importance of caring for the Earth through creativity and exploration.

Montessori I students participated in a guided drawing activity where they learned to draw a snail step-by-step. Teachers demonstrated the process while children followed along, promoting visual observation and fine motor coordination. The activity helped boost their confidence in drawing independently and supported early artistic exploration.

Montessori II students created a representation of Planet Earth using thumbprints in various shades of blue and green. This tactile art activity allowed them to explore different textures and colours while understanding the Earth's appearance and its value. The activity emphasized individual creativity and ecological awareness.

Montessori III students were given a printed Earth Day-themed colouring sheet which they filled with vibrant colours. This simple yet impactful activity helped reinforce the concept of Earth Day in a fun and engaging way. It also encouraged neatness, focus, and understanding of global symbols like Earth and nature.

Winners:

Position	Grade	Student Names
I	Mont I	Shanvith
II		Advik
III		Shourya
I	Mont II	Aira Naik
II		Ishanvi
III		Padmanabh
I	Mont III	Neelambari
II		Apeksha
III		Viransh

English Language Day

On the occasion of English Language Day, students of Montessori I, II & III were engaged in a specially designed phonics session. The session was led by teachers using various interactive strategies such as singing alphabet songs, using flashcards, action-based learning, and storytelling.

Children learned all 26 letters of the English alphabet along with their respective phonic sounds. Teachers used visual and auditory tools to make learning lively. This activity supported early literacy and encouraged children to enjoy the process of language acquisition.

ACTIVITIES

Happy Father's Day

To honor the love, strength, and guidance of fathers, our Montessori students celebrated Father's Day with heartfelt enthusiasm and creativity. Students from Montessori I to III took part in a fun Tie-Making and Drawing Competition. These activities not only sparked creativity but also helped the children express their feelings in meaningful ways. Father's Day in Pre-primary was a touching celebration of love, bonding, and gratitude.

Winners:

Position	Grade	Student Names
I	Mont I	Aaradhya
II		Saanchi
III		Manvitha
I	Mont II	Nidhishta
II		Varnika
III		Ishanvi
I	Mont III	Zephen
II		Neelambari
III		Vedhya Sree

ACTIVITIES

International Yoga Day

In this special International Yoga Day activity, children of Montessori I to III had practiced breathing exercise using prop to make the experience fun and engaging. Which was Windmill Breathing a small hand-held paper windmill or paper fan in which Children had practiced breathing in and out slowly while watching the windmill spin. The goal is to make the windmill spin by exhaling gently. This teaches breath control and helps focus the child's attention.

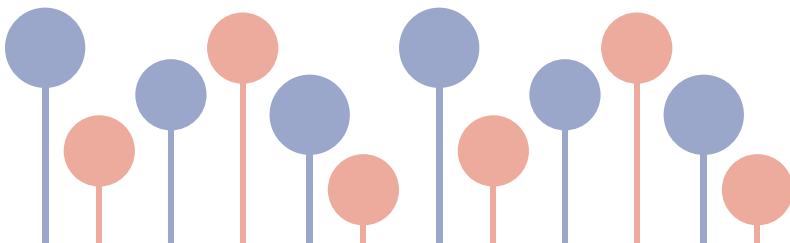

Sunny Yellow Day Celebration

Ryan International School, Kompally, lit up in vibrant shades of sunny yellow as our little Montessori stars celebrated Yellow Day with joy and enthusiasm!

From fingerprinting adorable honeybees to paper tearing bananas and mangoes, our children explored the brightness of yellow through fun-filled activities designed to enhance creativity, colour recognition, and fine motor skills.

Our Montessori III students took it a step further with the theme "Every Ryanite is a King or Queen in the Making" by designing their own royal crowns! What a proud moment it was to see them wear their handmade crowns home!

Here's to learning, laughter, and a whole lot of sunshine!

ACTIVITIES

Investiture Ceremony

Ryan International School, Kompally proudly hosted its Investiture Ceremony 2025 on 28th June, celebrating the spirit of student leadership and responsibility!

We were honoured to welcome our esteemed Chief Guest Brigadier Jose Abraham, Director Education, HQ TASA, and Guest of Honour Venkat Reddy Kadaru, Assistant Commissioner of Police, Medchal Traffic Division.

Their inspiring presence added pride and prestige to this special occasion, as our newly elected student council members took the oath to lead with integrity, discipline, and dedication.

Here's to a year of purposeful leadership and excellence!

INNOVATION LAB

Introduction to Magnets, Classification of Magnetic and Non-magnetic Objects

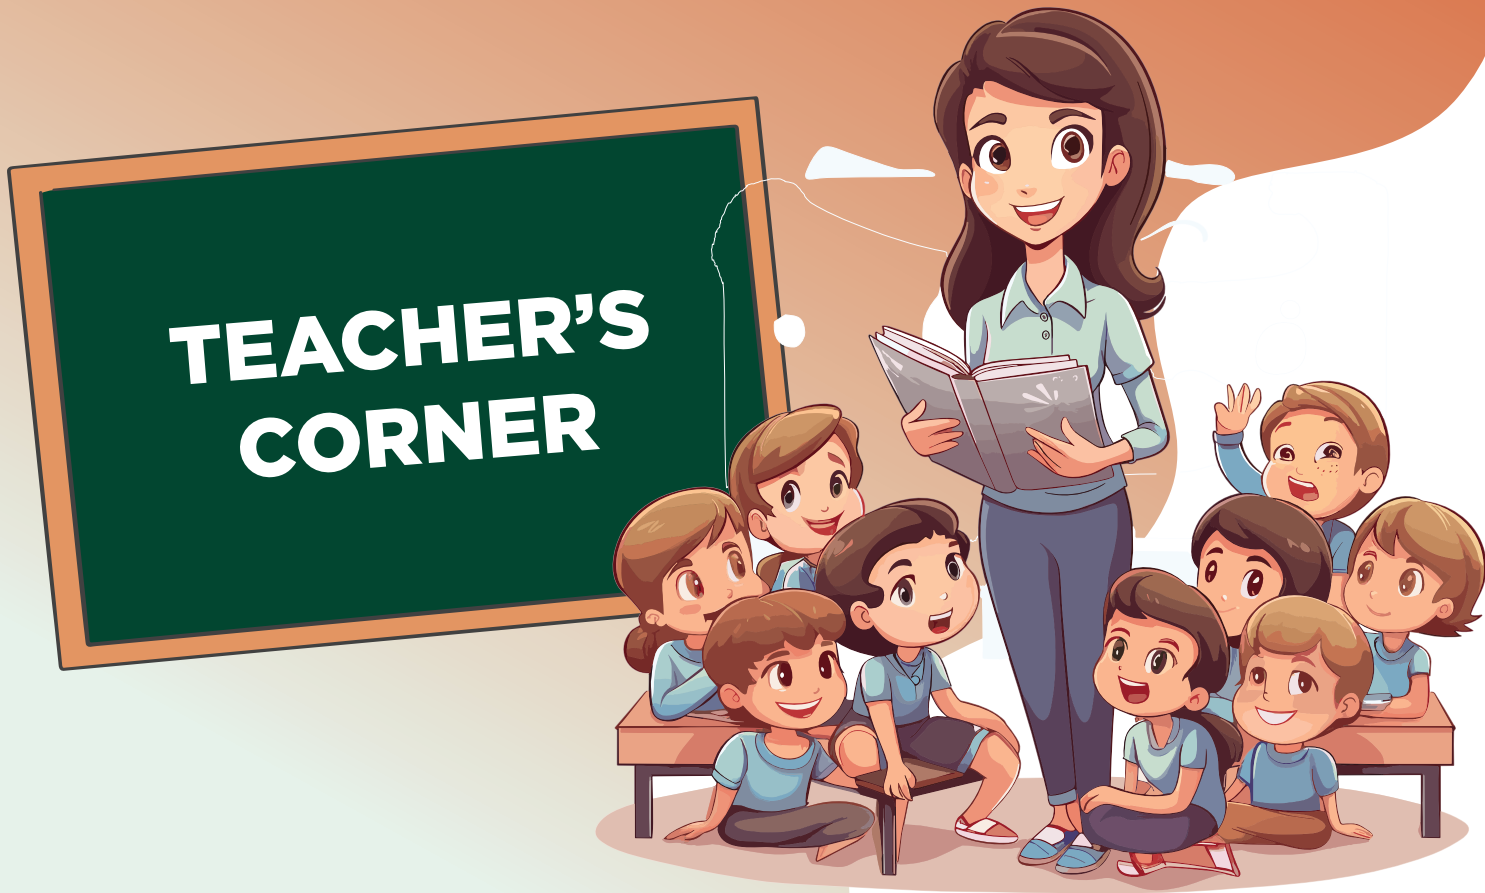

This project report presents the design, implementation, and evaluation of a hands-on activity developed to introduce Montessori-grade students to the fundamental concepts of magnetism. The activity featured an interactive learning station where students engaged in exploring the properties of magnets by testing and classifying everyday objects as either "magnetic" or "non-magnetic." Through this approach, the project successfully encouraged curiosity, enhanced observation skills, and promoted early scientific inquiry. It provided young learners with an age-appropriate introduction to a core concept in physics, laying a strong foundation for future science learning.

INNOVATION LAB

Magnet Car Activity

This project report outlines a STEM activity designed to introduce students to the concepts of magnetism, force, and motion through the creation and operation of a simple magnetic car. In this hands-on and engaging experience, students explored how magnetic poles interact and how the principles of magnetic attraction and repulsion can be harnessed to generate motion without direct physical contact between components. By designing and assembling a lightweight car powered by magnets, learners not only gained a foundational understanding of key physics concepts but also enhanced their creativity and problem-solving abilities through practical application.

As a Pre-primary teacher of Ryan International School, I would like to share my heartfelt words. The school provides a nurturing environment where children feel safe, valued, and encouraged to explore their curiosity. The well-structured curriculum balances academics, co-curricular activities, and values-based education, ensuring the holistic development of every child. I am particularly grateful for the continuous support from the management, which enables teachers to implement innovative teaching methods and creative classroom activities. Regular training sessions and interactive workshops also help us enhance our skills and stay updated with modern teaching practices.

The active participation of students in academics, cultural programs, sports, and celebrations reflects the school's focus on developing confidence, creativity, and social skills in our young learners. The cooperation of parents further strengthens the learning environment, making education a joyful journey for every child.

Overall, it is a privilege to be part of Ryan International School's vision of excellence in education. I look forward to contributing further towards the growth and success of our students and the institution.

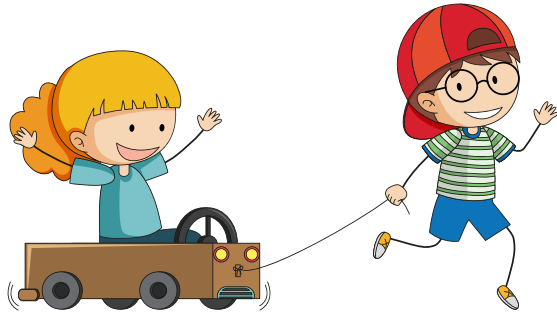

**- Mrs. Thota Raghavi,
Teacher - Mont I**

STUDENT CORNER

I like coming to school every day because I learn many new things in class. My teachers are very kind and loving, and they make learning fun with stories, songs, and activities. I enjoy playing with my friends, drawing, colouring, singing, and dancing in school. I also like games and sports on the playground. The celebrations, special events, and stage programs make me feel excited and confident.

I love my school because it makes me feel safe, happy, and cared for. Every day is a new learning adventure, and I am proud to be a Ryan student.

**- Aarya Tiwari,
Mont III**

PARENT'S CORNER

As parents, it is truly heartening to witness how the school beautifully blends values with real-life learning. The month of April, with its focus on *Healthy Living and Happiness*, gave our children opportunities to experience joy in simple yet meaningful ways.

In June, the vision of *Optimism* and the spirit of *Environmental Care* came alive. The Plantation Drive was especially impactful, allowing children to connect with nature and understand that caring for the earth is caring for the future.

Equally inspiring was the Investiture Ceremony, where students pledged to uphold discipline, service, and responsibility. Watching them take on leadership with such sincerity filled us with pride and hope.

We feel deeply grateful that our children are growing not only in academics but also in compassion, confidence, and leadership—values that will guide them throughout their journey of life.

**- Mr. Vijay Tiwari,
Parent of Aarya Tiwari - Mont III**
