

From the Principal's Desk

The Gateway to Lifelong Learning

In today's fast-paced digital world, the habit of reading books holds greater significance than ever before. Reading is not just an enjoyable pastime; it is a powerful tool for personal growth and intellectual development. Books open the doors to new worlds, offering insights, ideas, and perspectives that broaden our horizons. They nurture imagination, enhance vocabulary, and sharpen our ability to think critically and creatively.

Beyond academic benefits, reading plays a vital role in our daily lives. It improves focus, patience, and the ability to comprehend and analyze information—skills essential in decision-making and problem-solving. Reading also instills empathy by allowing us to experience different cultures, emotions, and situations through the eyes of others.

For students, developing a reading habit is the foundation for lifelong learning. I encourage every student to dedicate time each day to reading, not just for schoolwork, but for the joy of discovery. Books are companions that guide, inspire, and empower us at every stage of life. Let us embrace reading as a daily habit, ensuring that our minds remain enriched, informed, and inspired, paving the way to a brighter future.

Quote of the month

***“The Earth is what
we all have in common.”
– Wendell Berry***

Unity: The monthly value for July at Ryan International School, Kondapur, was Unity. Through assemblies, classroom discussions, and group activities, students learned the importance of standing together, respecting differences, and working as a team. The value of Unity was reinforced as a guiding principle for building a harmonious school environment where every individual feels included and supported.

Activities

National Doctors' Day

On the occasion of National Doctors' Day, our school organized a series of activities to honor and appreciate the invaluable contributions of doctors to society.

Students from Grade I & II participated in a Show and Tell activity on the topic "Who is a Doctor?", sharing their understanding of the doctor's role in keeping us healthy.

Grades III to V showcased their creativity through Poem Recitation with the theme "Dear Doctor" or by writing thoughtful essays on The Importance of Doctors in Our Lives.

Students from Grade VI & VII expressed their gratitude through Letter Writing, composing heartfelt messages titled "A Letter to a Doctor Thanking Them for Their Service".

The event not only paid tribute to doctors' dedication and sacrifices but also inspired students to value their service and understand the importance of healthcare in our lives.

International Plastic Bag Free Day

On the occasion of International Plastic Bag Free Day, students of Grade VI & VII took the lead in spreading awareness about the harmful effects of single-use plastic. They presented an engaging and thought-provoking skit during the school assembly, highlighting the environmental hazards caused by plastic pollution and the urgent need to adopt eco-friendly alternatives.

Through powerful dialogues and creative performances, the students encouraged everyone to say "No" to plastic bags and opt for reusable, sustainable options. The

Activities

campaign also featured craft activities where students designed useful items from recycled materials, reinforcing the message of “Reduce, Reuse, Recycle.”

This initiative not only educated the school community about the importance of reducing plastic use but also inspired positive action towards a cleaner, greener future.

15 Books Campaign Launch – Igniting a Passion for Reading

On 3rd July 2025, Ryan International School proudly launched the 15 Books Campaign to inspire a love for reading among students. The event, attended by Grades III to VII, was graced by acclaimed author Ms. Pallavi Jhavar as the chief guest, along with the school staff.

The campaign encourages students to explore diverse genres—adventure, mystery, humor, biographies, folklore, and more—broadening their imagination and deepening their appreciation for literature. A highlight of the launch was the lively enactment of beloved book characters by students, including Harry Potter, Percy Jackson, Nancy Drew, Greg Heffley, Wilbur, Emily Hayes, Anne Shirley, and Tenali Ramakrishna.

In her inspiring address, Ms. Jhavar emphasized that reading builds language skills, fuels imagination, shapes character, and broadens one's worldview. She urged students to embrace books as companions for life, not just for academics.

The event's energy and enthusiasm set the stage for a year-long literary journey, promising to open new worlds, spark curiosity, and nurture lifelong readers.

Activities

CEO Ryan Sir's Birthday Celebration

On 8th July 2025, our school joyfully celebrated the birthday of our respected CEO, Mr. Ryan Pinto, with great enthusiasm. Students from Grades III to V participated in a Role Play Competition Highlighting Sir's remarkable achievements or recorded creative Video Messages to convey their heartfelt wishes.

Grade VI & VII engaged in a Speech Competition on the theme "Leadership Lessons from our CEO", sharing inspiring insights from Sir's leadership journey.

The celebration was a heartfelt tribute, reflecting students' admiration, respect, and gratitude for the visionary guidance and inspiration provided by our CEO.

Environment Week

Ryan International School, Kondapur, celebrated Environment week with a series of engaging, eco-friendly activities from 8th to 11th July to instill environmental awareness and responsibility among students.

Eco-Friendly Craft Activity - Grade I & II: Students and staff pledged to use reusable water bottles, reduce energy consumption, and go plastic-free for the week. Award stickers were given to those who consistently used reusable bottles.

Nature Art - Grades III to V: Students created nature-inspired collages using leaves, sticks, and flowers, exploring creativity while connecting with nature.

Green Challenge - Grade VI & VII: Students took up sustainable living practices like avoiding single-use plastics, using cloth bags, and nurturing plants. The week concluded with presentations on their experiences.

Activities

The celebrations not only encouraged green habits in school but also inspired families to adopt environmentally conscious practices at home, nurturing a generation committed to protecting our planet.

Bonalu Festival Special Assembly

Ryan International School, Kondapur, celebrated the vibrant spirit of Telangana's traditional Bonalu Festival with a special assembly that brought culture, devotion, and joy to the campus. Students presented the significance of the festival through speeches, songs, and dance performances, showcasing the rich heritage of the state. The assembly highlighted the rituals of offering 'Bonam' to Goddess Mahakali and the values of gratitude, unity, and community bonding. Dressed in colorful traditional attire, the students created an atmosphere of festivity and reverence, giving everyone a glimpse into Telangana's cultural essence.

Career Guidance & Counselling Session Grades V to VII

As part of our commitment to holistic development, Ryan International School, Kondapur, Organised a Career Guidance and Counselling Session for students and parents of Grades V to VII on 19th July. The session, led by Dr. Vivekananda Rayapeddi, renowned expert in communication and soft skills, focused on self-awareness, early career exposure, and the importance of communication and confidence.

Through engaging activities, relatable examples, and valuable insights, students explored their strengths and interests, while parents learned ways to nurture individuality and support their child's goals. The event saw enthusiastic participation from parents and students, with parents praising the initiative for its relevance and impact.

Activities

This session marked an important step in guiding young learners toward informed choices, life skills, and a bright future.

Empowering Parents to Support Emotional Well-Being – Grades I to IV

On Saturday, 26th July, an engaging and interactive session was conducted for the parents of Grades I to IV on supporting the emotional well-being of young learners.

We had the privilege of hosting Ms. Raheela, an experienced mental health professional with over six years of expertise in school counselling and child psychology, as the guest speaker. She shared valuable insights on understanding children's emotions, managing stress, and building confidence and resilience in young minds.

The session offered parents practical strategies to nurture emotional and social development at home, while highlighting the importance of creating a positive and caring environment for holistic growth.

Through meaningful discussions and interactive exchanges, parents gained a deeper understanding of their children's emotional needs and learned effective ways to strengthen the parent-child bond — laying the foundation for lifelong well-being.

Health Check-Up Camp

Ryan International School, Kondapur, organized a Health Check-up camp for all students and teachers to promote overall well-being and healthy living. Qualified medical professionals conducted general health assessments, including eye, dental, and basic fitness checks. The initiative aimed to create awareness about preventive healthcare and encourage healthy habits among the school community.

Activities

Monthly Appreciation Badges

Ryan International School, Kondapur, proudly recognized students of Grades I to VII with Monthly Appreciation Badges for good work, Good Behaviour, Punctuality, and 100% Attendance for the month of July. These badges celebrate students who consistently display discipline, responsibility, and dedication, inspiring their peers to strive for excellence. The initiative reinforces positive habits and encourages a culture of respect, commitment, and perseverance within the school community.

Passion Building Activities

The Passion-Building Activities that have enriched our students' learning experiences. Through hands-on engagement, these initiatives have fostered creativity, sustainability, and essential life skills.

Eco-Gardening Classes Learning Sustainability the Green Way

At Ryan International School, Kondapur, Eco-Gardening classes provided students with hands-on experiences that nurtured a love for nature while teaching the importance of sustainability. Each grade explored unique, age-appropriate activities to connect with the environment meaningfully.

Grade I: Students learned the basics of gardening and sustainability, discovering how small actions contribute to a greener planet.

Grade II: Young learners explored further aspects of gardening and sustainability, strengthening their awareness of eco-friendly practices.

Activities

Grade III: Students engaged in exciting activities like setting up a Rain Barrel System, creating a Rain Garden using mulching, identifying mosquito repellent plants, and designing a nature collage.

Grade IV: The focus was on the Monsoon season, with students delivering presentations and conducting a plant health check to understand plant care during changing weather.

Grade V: Older students applied innovation to sustainability by creating self-watering planters from plastic bottles, developing an advanced bottle system with a water level indicator, and presenting on “Monsoon – Lifeline of Agriculture and Gardening.” They also carried out a plant health audit and care plan to ensure responsible gardening.

Grade VI: Students explored the difference between single-use and reusable plastics, creating awareness materials to promote sustainable alternatives. They also learned to identify the signs of healthy vs. unhealthy plants, observed environmental factors affecting plant growth, and practiced routine care and responsibility for garden plants.

Grade VII: Learners took sustainability further by participating in a 7-day plastic reduction challenge and spreading awareness through digital and visual media. They also conducted practical experiments by testing soil’s water absorption capacity and estimating its pH using natural indicators.

These activities not only made students environmentally conscious but also helped them develop practical life skills, scientific curiosity, creativity, and a sense of responsibility towards nature.

Home Science Classes – Building Life Skills for a Better Tomorrow

At Ryan International School, Kondapur, Home Science classes are designed to equip students with essential life skills that contribute to their personal well-being, responsibility, and independence. Each grade level explored age-appropriate activities that blend hygiene, organization, and sustainable living.

Grade I: Students were introduced to advanced personal hygiene and health, home organization, and basic household skills, along with simple home cleaning and maintenance practices.

Grade II: Learners strengthened their knowledge of personal hygiene and health, while practicing organization skills, basic household tasks, and cleaning routines that foster responsibility at home.

Grade III: The focus shifted to practical home skills and safety, alongside lessons on personal hygiene, organization, and effective cleaning techniques to build confidence in daily household management.

Grade IV: Students enhanced their understanding of home organization and maintenance, practiced practical safety skills, and explored advanced cleaning methods to support efficient household management.

Activities

Grade V: Learners explored Advanced Health and Hygiene with a focus on the personal and public impact of hygiene, professional grooming, and the balance of physical activity and mental wellness. They also studied environmental hygiene and sustainable home maintenance practices.

Grade VI: Students deepened their learning of advanced hygiene concepts, linking personal habits to public health, while also focusing on professional grooming standards, wellness practices, and eco-friendly household maintenance.

Grade VII: Students reflected on the broader impact of health and hygiene, combining personal discipline with public responsibility. They engaged in activities related to mental wellness, environmental care, and sustainable home practices, preparing them for a responsible future.

These classes not only build awareness of personal care and responsibility but also empower students with skills that foster independence, discipline, and a sustainable lifestyle.

Revival of Lost Arts – Embracing Kalamkari

As part of our efforts to nurture creativity and cultural appreciation, students engaged in a special art activity on the Revival of Lost Arts, focusing on the traditional Kalamkari style of drawing and painting.

Grade I & II: Our youngest artists explored the basics of Kalamkari through simple drawings of birds and flowers, learning how traditional motifs reflect harmony with nature.

Grade III & IV: Students advanced their skills by creating borders and frames in Kalamkari style, experimenting with drawing and colouring techniques that highlight the beauty of intricate patterns.

Activities

Grades V & VII: Students undertook the challenge of sketching and painting a village girl's portrait in Kalamkari style, appreciating both the artistry and the storytelling aspect of this heritage art form.

This initiative not only allowed students to develop artistic skills but also instilled in them a sense of pride in India's rich cultural heritage, keeping alive the traditions of the past through hands-on practice.

Celebrating Indian Heritage and Culture – Traditional Costumes

To instill pride in India's rich diversity, students of Grades I to VII participated in a vibrant session on Indian Traditional Costumes, exploring the attire of different states across the country.

Grade I & II: Young learners were introduced to the colorful world of traditional Indian costumes, identifying simple attire from various states and appreciating the beauty of regional diversity.

Grade III & IV: Students expanded their knowledge by learning to distinguish costumes from multiple states, understanding how climate, culture, and tradition influence attire.

Grades V to VII: Students engaged in a deeper exploration of India's textile heritage, identifying costumes with greater detail and connecting them to the history, festivals, and cultural practices of each region.

Through this activity, children not only recognized the uniqueness of Indian states but also developed a sense of respect and appreciation for the cultural fabric of our nation. The session was both educational and joyful, celebrating the colors, patterns, and traditions that make India truly diverse in.

Activities

Vocational Activities

The three key skill-enhancing programs—Coding, French, and Speech & Drama—which have contributed significantly to our students' holistic development.

Coding Adventures – Building Logic and Creativity

At Ryan International School, Kondapur, Coding classes are designed to spark logical thinking, creativity, and problem-solving skills in young learners. Students across Grades I to VII explored exciting activities tailored to their level of learning:

Grade I & II: In Code Lab, students used loops to create a digital drawing of a garden, combining fun with foundational coding concepts.

Grade III & IV: Learners worked in the Algorithm Lab, applying loops and conditionals to solve problems and understand the basics of computational thinking.

Grade V & VI: Students entered the world of Python GUI, using Turtle programming to draw creative patterns and basic geometrical shapes with loops, supported by practice worksheets for reinforcement.

Grade VII: Students advanced their skills in Python programming, exploring GUI applications while working with loops (while and for) and applying increment and decrement operators to strengthen coding logic.

These sessions not only built a strong foundation in programming but also encouraged students to think creatively, work systematically, and enjoy the process of bringing ideas to life through code.

French Classes – Learning with Joy and Expression

French classes at Ryan International School, Kondapur introduced students to the beauty of the language through interactive songs, vocabulary building, and practical sentence formation. Each grade engaged in activities suited to their level:

Grade I: Our youngest learners enjoyed singing “Bonjour mes amis” while learning the French alphabets, making language learning musical and fun.

Grade II: Students explored French colors, practiced vocabulary, and framed sentences using classroom objects and colors.

Grade III: Learners revised colors and classroom objects and were introduced to French pronouns, strengthening their basic grammar.

Grade IV: The focus was on French adjectives and “My Family”, where students formed simple sentences to describe family members.

Grade V: Students learned more about classroom objects and practiced using adjectives to describe them.

Grade VI & VII: Students expanded their vocabulary by exploring classroom objects and school-related terms, applying them in everyday contexts.

Through songs, vocabulary drills, and sentence-building activities, students not only built a foundation in French but also developed confidence and enthusiasm for learning a new language.

Activities

Speech and Drama – Expressing with Confidence

Speech and Drama classes at Ryan International School, Kondapur continue to provide students with opportunities to develop self-expression, creativity, and confidence through engaging activities tailored to each grade level.

Grade I & II: Students practiced vocal exercises and speech, enjoyed performing mime to music, and celebrated World Emoji Day through a lively skit. They also explored movement and space awareness, helping them express themselves confidently on stage.

Grade III & IV: Learners worked on speech projection and articulation, built body awareness through partner work, and performed the creative piece “Bats in a Cave,” focusing on acceleration and deceleration. They also celebrated World Emoji Day with a skit and enjoyed a fun pairing activity (Snippet) to encourage teamwork.

Grades V to VII: Students refined their skills in speech projection, articulation, and body awareness through advanced activities. They too performed “Bats in a Cave”, dramatizing how bats settle down only to be disturbed by others. The World Emoji Day skit added a playful touch, while the Snippet pairing activity with starter lines “What’s that noise!” and “Don’t touch that!” sparked imagination and spontaneous dialogue.

These sessions not only enhanced students’ public speaking and performance skills but also encouraged teamwork, creativity, and confidence, nurturing expressive voices and imaginative minds.

Activities

Star of The Week

The "Star of The Week" initiative at Ryan International School Kondapur, celebrates exceptional student achievements and provides opportunity to every student to feel important and significant in the class. Each week, outstanding performances earn well-deserved recognition from peers and teachers, fostering a supportive and encouraging environment. The parents are called on every Friday to witness the spirit of camaraderie and motivation as this heartwarming program inspires our young leaders in the making, to shine brightly, as we embrace the power of encouragement, shaping a community of success!

Student Achievements

Congratulations to Advaith Challa Grade V 'A' for securing 1st place in the 60m Running Race with an impressive time of 9.23 seconds! Conducted at Saroor Nagar Indoor Stadium.

On the occasion of the Rangareddy District
Athletes Meet

— A Happy Student at Ryan International School

PARENT'S CORNER

We, as parents, are truly happy that our children are part of Ryan International School.

One of the most important aspects we appreciate is the well-structured curriculum, which provides a strong foundation for the students. The school's effective use of its online app also plays a key role in helping children cover the entire syllabus, leading to improved academic performance.

Ryan International School has successfully created a balanced approach between academics and co-curricular activities. Children are encouraged to explore and develop skills in areas such as music, singing, and dancing, which helps them grow into confident and well-rounded individuals.

We are especially impressed by the discipline and nurturing environment provided by the dedicated teachers.

A heartfelt thank you to each and every staff member involved in shaping a brighter future for our children.

**- Mrs. Saptaswa Sen,
Parent of Ihita Sen - Grade V**

Ryan International School offers excellent professional development opportunities, ensuring that teachers are well-equipped to implement the latest educational practices. In summary, Ryan International School is a remarkable institution dedicated to educational excellence and holistic student development. I wholeheartedly endorse it as a place where both students and educators truly enjoy the teaching and learning process.

I enjoy the teaching methods and the positive atmosphere at the school.

**-Ms. Debasmistha,
TGT Math Teacher**
